**We love:** Sunny splashes of colour and designer-like attention to detail in Rachael's Brisbane guest room won instant acclaim from the *HB* team. "The beautiful pops of yellow create such a fun bedroom," says *HB* designer Yasmine. "The cathedral ceiling and large window give the room a lovely, airy feel."

**Get the look:** A surprise yellow trim on the striped grey bedlinen (for similar try Adairs) inspired the bright highlights for this top-floor room. Mixed cushions in a monochromatic palette add to the laid-back nautical vibe, while the inclusion of delightful handmade bunting and a revived vintage trunk give the room a personal and heartfelt touch. >

"My **favourite** part of this room is the timber chest built by my husband's **grandfather** in the 1940s" ~ Rachael, homeowner
